

# Attaching a bag to the Sling Case Carrier S-308

S-308

The S-308 is a multifunctional, shooting-gear-carrier. Main compartment can hold a small digital camera or camcorder. Keep valuables close to your body in the concealed compartment and accessories like cell phone, PDA and wallet in the designated pockets.

Individually or as a sling strap for one of Kata's cases, the S-308 enables you to carry the camera in front, for quick access, as a shoulder bag, or on your back for optimal weight distribution. The shoulder pad is well cushioned and can be comfortably adjusted.

Part of the main compartment features a connecting system to additional cases (see below).

Any case with belt loops can be attached to the S-308 by following these simple steps:

Slide the 2"/50mm wide strap (A), provided with the S-308, through the case's belt-loops.

Draw the stiffener (B) from the S-308's main compartment.

Position your case on the stiffener (B) and fasten the strap (A) by folding it around the stiffener.

Snap the bottom strap (C) to the designated snap-button on the internal side of the S-308

The S-308 can be used as a sling carrier for a variety of cases demonstrated in the following products:
